Court of Appen's. The Surrender of a Lease by parel agreement Edicin P Smith ex. rel, ve. Daniel Devlin -Tre de

Educin P Smith ex. rel. vs. Denici Devlin —The defundant is this case was vursty on a lease made by
one Allen of 73 and 75 Seventh street, in this city,
for three years from the list Mey, 1850. The lease
was under eas? Subsequently, in Jasuary, 1858, a
v.rbal agreement was made between Allen and the
leases and the defendant and his surely, to in affact their upon the payment of \$100 to hum, (Alleo)
he would consent to a surrender of the lease for
the 3rd year, and a case the precise. Afterwards,
howeve, he brought suit to rec.v.r the least for
the last year covered by the lease.

The defence was these the lease had been surrendered and the defendant discharged from liability
thereon. Upon trial before a referse, however, it
was held that a lease under sea", for a period ex
creding one year, could not be surrendered or af
fected by any parol agreement. Judgment was according one year, could not not attrement was a cordingly given for the plaint if for the rent clai ed. The defendant appealed to the general term ed. The defendant appealed to the general term so the Superior Court where the judgment of the referee was reversed and a new trial ordered. The plaintiff then appealed to this Court. The only question at issue is whether or not a lease under seal can be surrendered by a parel agreement duly authorized. Declaion reserved.

Removal of Party Walls .- Ellie Potter Administrator, Respondent, vs. John C. White, Appellant. - The parties to this action and their premannermore, perponents, ve. John C. White, Appellant.—The parties to this action and their predecessors had been in precession of lots Rus. 143 and 145 Chambers street, in this city, for over fifty years, the plaintiff being the owner of 148, and the defendant the owner of 145. The defendant is Mey, 1854, removed the party well, and put up a sew building upon entirely new foundations. He aran however, that before he did so, he had notified the plaintiff on his jesquious so to do, and that the plaintiff server during the progress of the work. The plaintiff then brought his socion to recover durages for injuries done his dwelling house in consequence of the removal. The cause was tried before a reteres. The defendant, on the trial, sought to prove certain remarks alleged to have been made by the plaintiff upon the service on office of removal, amounting to a censest thereto. This evidence, it is claimed, was excluded. The plaintiff everred that his house was in good one ditien, and rected for about \$1,900 per annum. The plaintiff recovered payment to the amount of \$3,000, and the defendant now brings this appeal upon the ground that preper evidence teeding to show a consent on the part of the plaintiff was excelled. Appellant also contends that, as a master of law, when a party wall falls into a worthlest exhibition, and the interest of either party requirit, he can remove such wall; else there could be all improvement.
